

COOL WATER RANCH

<u>Tract</u>	<u>Depth</u>	<u>Static Level</u>	<u>GPM</u>
1	250 ft.	115 ft.	24
2	250	103	26
9	200	120	9
12	200	99	8
13	200	100	18
17	420	196	10
20	510	330	27
23	403	360	21
27	510		27
47	443	170	21

All wells were drilled by L & L Drilling with the exception of Tract 23, which was drilled by Virdell Drilling.

Tracts 1-2-12-13-17 & 47 were drilled to depths selected by the Gillespie County Underground Water District in compliance with the Gillespie County subdivision ordinance. The availability of more water may be possible at different depth. Tract 1 includes a 1 ½ HP 18-gpm Red Jacket Pump & Motor and is fully functional and is the water source for the front entry. See the attached Addendum For Tract NO. 1
